The SDE Teacher Stories

TESTIMONIALS FROM OUR TEACHERS

Malika / London, England / UK

"Being an SDE teacher has allowed me to make a positive contribution to people's lives and in turn I've learnt so much about myself. My students are a constant reminder of why I'm here and the change that I'm making. I can honestly say that wouldn't change a thing."

Jayton / Albany, New York / United States of America

"Teaching is a great opportunity to impart knowledge on others, and I like being able to do so with my students. I also learn quite a bit from my students, which is great, and they're always full of excitement. Every day is full of adventures and surprises and that's one of the things I like most about living in China"

Nick / Buffalo, New York / United States of America

"When you work with a student and you finally see them have an "ah ha moment" and make a breakthrough in English, it's such a rewarding fulfilling feeling that I don't think any other profession could offer."
